**EAGLE MANUFACTURING COMPANY
2400 CHARLES STREET
WELLSBURG, WV 26070
www.eagle-mfg.com**

**APPLICABLE TO THE FOLLOWING EAGLE PRODUCT MODEL
NOS.:**

1650 - 20 GALLON CAPACITY
1600SL - 30 GALLON CAPACITY
1661 - 65 GALLON CAPACITY
1690 - 95 GALLON CAPACITY

INSTRUCTIONS FOR USE:

TO OPEN: Remove threaded lid by rotating lid counterclockwise until fully disengaged from drum. Notches are provided in lid to accept a wooden 2" x 4" board to assist in unscrewing lid. Hammer impact on 2"x4" board may assist in loosening lid.

TO CLOSE: Assemble threaded lid to top of drum by aligning and placing lid onto open top of container, and then rotating lid in a clockwise direction until fully engaged. Notches are provided in lid to accept a wooden 2" x 4" board for additional tightening. Hammer impact on 2"x4" board may be used to assist in tightening lid.
